EDUCATION

DIT University, Dehradun

2022 - 2026

B.Pharm. - Pharmacy | CGPA: 7.56 / 10

Shivedale school, Haridwar

2022

12th | CBSE | Percentage: 65.60 / 100

Shivedale school, Haridwar

2020

10th | CBSE | Percentage: 72 / 100

INTERNSHIPS

Akums Drugs and pharmaceutical Ltd | Pharmaceutical

09 Jun, 2025 - 09 Jul, 2025

Vocational trainee

Key Skills:

Gained hands-on experience in sterile parenteral production, GMP, QC, aseptic techniques, and documentation compliance.

Production Intern – Parenteral Manufacturing

Worked in a GMP-compliant pharmaceutical plant, gaining hands-on experience in the sterile production of injectable dosage forms. Assisted in formulation, filtration, aseptic filling, and packaging operations while adhering to cleanroom protocols. Supported in-process quality checks, batch documentation, and validation activities. Developed practical skills in equipment handling, regulatory compliance, and aseptic techniques, along with strong attention to detail, teamwork, and problem-solving abilities.

Metro Hospital & Heart Institute | Pharmaceutical

01 Jun, 2024 - 30 Jun, 2024

Hospital Pharmacist

Key Skills:

medication management, inventory control, customer service, medication dispensing, strong communication & interpersonal skills

It was a hospital-based internship at Metro Hospital and Heart Institute, Haridwar, gaining hands-on experience in both inpatient (IPD) and outpatient (OPD) pharmacy operations. Trained in medication dispensing, prescription handling, and patient counselling, along with core aspects of pharmaceutical store management, including inventory control, stock maintenance, and procurement processes. Developed practical understanding of medication management systems, workflow coordination, and customer service within a clinical healthcare setting.

PROJECTS

VigiTrack2.0: An App Design For Social Media Early Signal Detection (Info-vigilance) 20 Jan, 2026 - 27 Apr, 2026 in NextGen Vaccines

Mentor: Dr. Amit Kumar Dubey | Team Size: 2

Key Skills:

Report Writing Article Writing Pharmacovigilance Data Collection Statistical Data Analysis Signal Detection,

Developed VigiTrack 2.0, an AI-driven infovigilance web application for early detection of vaccine-related adverse events using social media data. The system leverages NLP and signal detection algorithms to process unstructured, multilingual inputs and convert them into standardized medical terminologies and codes (MedDRA, ICD-10, SNOMED CT). A key feature is its ability to translate local regional languages and informal expressions (e.g., Hindi/Hinglish) into clinically relevant data, improving the accuracy and inclusivity of pharmacovigilance systems. The application integrates Python-based NLP with a JavaScript interface to enable real-time processing, contextual filtering, and efficient signal detection.

Preparation of herbal anti cholesterol capsule and Anti diabetic transdermal patch 05 Aug, 2025 - 18 Dec, 2025

Mentor: Mrs. Vibhooti | Team Size: 5

Key Skills: team work, team management, time management, equipment and glassware handling

Formulated and evaluated herbal drug delivery systems using Clitoria ternatea (Aparajita), including an anti-diabetic transdermal patch and an anti-hypercholesterolemic tablet. The project involved extraction of bioactive constituents, formulation development, and optimization of dosage forms, followed by evaluation of key parameters such as drug release, stability, and physicochemical properties. The study demonstrated the potential of Clitoria ternatea as a natural therapeutic agent for managing diabetes and cholesterol through innovative drug delivery approaches.

Preparation of herbal gargle for throat infection 05 Sep, 2023 - 28 May, 2024

Mentor: Dr. Amit Kumar Dubey | Team Size: 5

Key Skills: team work, leadership, time management, equipment and glassware handling,

Developed a polyherbal gargle formulation to manage bacterial throat infections, using extracts of Clitoria ternatea (Aparajita), Ginkgo biloba, and wild Black forest honey. The project involved formulation design, selection of synergistic herbal components with antimicrobial and soothing properties, and evaluation of physicochemical parameters, stability, and potential antimicrobial activity. The formulation demonstrated suitability as a natural therapeutic alternative for managing throat infections.

Film Composition For Wound Healing And The Method For Its Preparation

Mar 2025

Application No: 2025/11028179, Publication No: 15/2025, Publication Date:2025-04-11, Filed On: 2025-03-25, Field of Invention: Polymer Technology, Inventors:Mr. Vivek Sahu, Dr.Mandeep Kumar, Dr. Ritu Tomar, Dr. Chetan Kumar, Dr. Santosh Kumar Rath, Miss Blijaya Acharya Sharma, Miss Aabha Pandey, Miss Sakshi Dabral, Mr. Ayush Kumar Patel.

ACHIEVEMENTS

- I have completed a course of medical coding and clinical pharmacol formatics

EXTRA CURRICULAR ACTIVITIES

- I have performed in a collage level poetry competition and won 1st prize

PERSONAL INTERESTS / HOBBIES

- I am a writer who writes shayari, poetry, ghazal and I like music

PERSONAL DETAILS

Gender: Male

Marital Status: Single

Current Address: 32B/8, Gali no.A5 Thdc colony, Haridwar, Uttarakhand, India - 249407
